

The VT CORP Electronic Packer Model "VTC-GFPN" is a gravity feed packer specifically for granular products. The GFPN is a stationary open-mouth bag filling machine that weighs bulk material from 20 to 50 kg at the same time.

600 bags/hr*

Feed Rate

20 to 50 Kg

Packing Range

±20 to ±30 gm

Accuracy in 50 Kg Bag

Open Mouth type

Bag Type

Key Features :

- Microprocessor-based stationary packer
- Digital weighing system with indicator
- Latest technology and user-friendly designs
- Three stages of filling of the material inside the bag ensure better accuracy in weighments
- The same machine can be used for packing materials in jute, HDPE (woven), or paper bags (non-laminated)
- Easy availability of spares and after-sales service
